

Paankaj Sethi

Aspires to inspire

Overview

Paankaj is a certified behavioural assessor, facilitator and coach. With over two decades of experience, his passion is to transform people and organisations through self-exploration and team development. Paankaj training focuses on coaching and supporting leaders to help them develop and maximise their impact within the organisation. He is a trained instructional designer on ADDIE, 4MAT and Accelerated Learning, which allows him to design interventions that are impact and outcome oriented.

Since 2004, Paankaj has worked with global teams to create, develop and build talent strategies. During his career he has led L&D initiatives for some of the world's largest companies including Dell, SAP and Sabre Holdings.
