

Albert Cervelló Griso

Empowering teams to thrive in a changing world

Overview

With 15+ years of international corporate experience and over 10 years specialising in leadership and talent development, Albert works with organisations and individuals to unlock performance, wellbeing, and sustainable growth.

His approach integrates leadership development, executive coaching, applied AI, and organisational transformation into programmes that create measurable impact: stronger teams, sharper leaders, and healthier cultures. By combining emotional intelligence, soft skills, and practical AI adoption, Albert helps organisations reduce stress, absenteeism, and unwanted turnover, building more building more human-centred, efficient, and purposeful workplaces.
